

PHARMACEUTICAL GRADE

M40 GUMMY PRODUCTION SYSTEM

COMPLETE SOLUTION FOR PRECISE, EFFICIENT GUMMY MANUFACTURING

The M40 Gummy Production System is a fully integrated solution designed for the continuous production of high-quality gummies. Engineered for consistency, hygiene, and efficiency, the M40 ensures accurate mixing, cooking, dosing, and depositing to deliver superior results with every batch.

PRECISE CONTROL

Advanced control system ensures accurate mixing, cooking, and dosing for consistent product quality.

HYGIENIC DESIGN

Stainless steel construction and sanitary design for easy cleaning and compliance with cGMP standards.

INTEGRATED SYSTEM

All-in-one solution streamlines production with seamless integration of all key processes.

HIGH EFFICIENCY

Optimized design for reliable performance and maximum production output.

TECHNICAL SPECIFICATIONS

Production Capacity	15,000 gummies per hour
Deposit Capacity	10,000 deposits per hour
Machine Footprint	26 ft (L) x 6 ft (W) x 7 ft (H)
Kitchen Configuration	Single or Dual Kitchen
Kitchen Jacket Type	Dimple Jacket or Half Pipe
Cooling Requirements	37–42°F, 10–15°F delta
Power Requirements	220V, 1 Phase, 60Hz, 1hp
Control System	15" Touchscreen HMI
Main Components	Cooker, Depositor, Cooling Tunnel, Control Panel, Conveyor

APPLICATIONS

- ✓ Vitamins & Supplements
- ✓ Functional Gummies
- ✓ Nutraceuticals
- ✓ Pharmaceuticals
- ✓ Confectionery

OPTIONS & CONFIGURATION:

Optional equipment and devices are available separately and can be configured to meet your specific production requirements.

CONFIGURATION NOTE

Standard configuration includes production system with single kitchen and dimple jacket.
