

LABELING

TRU-LABELER FB-W

FRONT AND BACK

WRAPAROUND

LABELER

ACCURATE • VERSATILE • RELIABLE

The Tru-Labeler FB-W is a front and back wraparound labeling machine designed for a wide range of containers. This machine is built with rugged construction and user-friendly controls to provide years of trouble-free performance.

PRECISION

Delivers accurate and consistent label placement.

EFFICIENCY

Designed for smooth operation and reliable labeling performance.

RELIABILITY

Rugged construction and quality components provide years of trouble-free performance.

FLEXIBILITY

Designed to accommodate a wide variety of container sizes and shapes.

KEY FEATURES

FRONT AND BACK WRAPAROUND LABELING

Applies labels to the front and back of containers with wraparound coverage in a single pass.

WIDE RANGE CAPABILITY

Handles a wide range of container sizes and shapes.

SMOOTH OPERATION

Engineered for smooth and efficient labeling performance.

USER-FRIENDLY CONTROLS

Simple controls for easy operation and adjustments.
